## Welcome to my Home page

Q1. Three words that describe me are Crazy, Interesting, and Funny

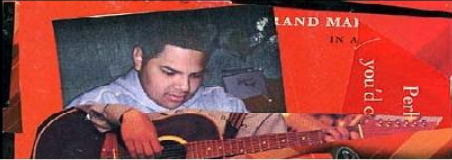

Q2. I grew up in East Boston moved to Roxbury when I was 12. At the end of the 5th grade but when I went to middle school I still had to go to East Boston so for one school year I lived in Chelsea because my grandparents lived close to the school. After 6th grade I transferred to the Mission Hill school and from there I graduated and now I am here in Tech Boston.

Q3. Right now I'm in to rock and alternative music it's the only music that appeals to me. I really don't care what other people may think or say because I listen to it

Q4. One of my goals is to become a photographer or a musician. I want to become a photographer because when I was younger I loved to just take pictures of random things. I want to be a musician because I can sing and I did at my old school so I thought I could make a career out of it.
